

COAL SITUATION VERY SERIOUS, LOWDEN SAYS IN PUBLIC STATEMENT

Governor Hopes Federal Authorities Act With Promptness--Insurgents Still Support Farrington.

CHICAGO, July 28.—An appalling condition threatens the country unless something is done to re-open the coal mines, Governor Frank O. Lowden declared in a statement issued here tonight. Everything has been done that possibly could be done here to correct the situation, he said.

The Washington authorities, the governor added, have, in effect, taken control and "it is to be hoped they will act with that promptness which the gravity of the situation demands."

Illinois coal operators were in conference here tonight to consider the proposal of John Lewis, president of the United Mine Workers of America, that a joint conference be held. They expected to have some announcement to make before adjourning.

The Lowden statement follows: "The coal situation grows more serious day by day. Today practically all the Indiana miners are out. There are threatened strikes in Pennsylvania. The coal reserves are rapidly reaching the vanishing point in the middle west and the northwest at least. An appalling condition threatens the country unless something be done to re-open the mines. The railroads have but a limited supply of coal and will have to go out of operation shortly. Industries are already rapidly closing. Public utilities have only a small supply. Organized society faces a crisis. Everything has been done that possibly could be done here to correct the situation. The authorities at Washington have in effect, taken control. It is to be hoped that they will act with that promptness which the gravity of the situation demands."

Operators Ready to Meet Miners. After a conference which lasted until late tonight the coal operators declined to make a statement, but intimated they were willing to meet representatives of the men in the central competitive field, providing a federal representative is present.

Indiana and Illinois miners will meet here tomorrow to discuss the strike situation.

Men Support Farrington. Springfield, Ill., July 28.—Breaking away from a joint mass meeting of shift men and coal diggers, before which President Freeman Thompson of the Springfield district had urged a return to work and charged the state president, Frank Farrington, with instigating the present strike, shift men here this afternoon voted unanimously to stay out until their demands of \$2 a day increase is granted.

Grouped about him on the side of a hill in a park, the mass meeting heard Thompson read President Farrington's record. Then he charged that orders for the strike were sent from Mr. Farrington's office. Executive board members were quoted as refusing to give the strike order to local unions in so many words, but giving it just as effectively by innuendo.

The shift men on whose behalf the strike has been called heard Mr. Thompson thru and ten left in a body for another part of the park where in three minutes they voted to repudiate "Thompson and his socialist talk" and stay on strike, backing President Farrington until their demands are met.

This is not a fight between Farrington and Thompson," their leader, T. R. Blevins of Divernon, said, "but a fight between the \$10.23 a day that the diggers get and the \$5.75 of the shift men."

Shift men in this gathering represented nearly all the mines in the several counties of Springfield district the leaders said.

Must Return to Work. This action was simultaneous with the unofficial announcement of the department of labor conciliators that in their opinion the government will not re-open the wage controversy until the men return to work. Their efforts are centered now on bringing this about. The Illinois Coal Operators' association earlier in the day contradicted the assertion of President Farrington that four of their mines in the Duquoin district had agreed to the increase. They declared all their mines sticking to their guns. A local operator, said, have been sent out for association presidents to do nothing until the government acts.

Prospects of the success of the Illinois miners' strike will be canvassed here tomorrow at a meeting of the state miners' executive board with President Frank Farrington. The call for the meeting was announced tonight.

The fourteen executive board members have been authorized by President Farrington to sign contracts with coal operators for the

HARDING SENDS CONGRATULATIONS ON RESOLUTE'S WIN

Says Won Over One of the Best Sportsmen in the World

FORMER WILSON SUPPORTER FOR HARDING

MARION, O., July 28.—A telegram commending the yacht Resolute for her victory in the international races was sent to the New York Yacht club today by Senator Harding. The message says:

"Along with all your fellow Americans, I want to extend my congratulations on the victory of Resolute. The defender won over a good boat and also over one of the best sportsmen in the world. We could all hope that if the historic trophy is ever to be lost to us, it might become the reward of Sir Thomas Lipton's splendid and persistent efforts. But as Americans we all take the more pride in winning against such an antagonist."

Harding headquarters made public tonight a letter from Louis G. Bohmrich a former Democratic nominee for governor of Wisconsin and Wilson elector in 1912, pledging support to Senator Harding and declaring the Wilson administration had seriously invaded and brutally ignored fundamental Democracy.

ARMY OFFICERS MUST NOT PLAY POLITICS

Secretary Baker Issues Order Prohibiting Them From Taking Part in Campaigns—Not Directed at General Wood.

Washington, July 28.—Army officers and others connected with the military establishment are prohibited under an order issued today by Secretary Baker from taking any active part in political management or in political campaigns or from "using their official position to influence the result of an election."

Secretary Baker said it was not directed at Major General Wood who has promised his active support to Senator Harding.

Mr. Baker explained that General Wood's activities in politics had been with his full knowledge and consent and that the general's position had been exceptional inasmuch as he had been a candidate.

The secretary would not be more specific when asked if the order would affect General Wood's activities in politics in the future, saying that the order spoke for itself.

DETECTIVE CHARGED WITH ROBBERY

CHICAGO, July 28.—Paul Peterson, a detective sergeant, was formally charged with robbery today in connection with the theft of \$15,000 from Abe Nelson, a saloonkeeper.

Peterson, holders of several swimming records and three times cited for bravery under fire, is charged by his superiors with persuading Nelson to draw the \$15,000 from the bank to buy whiskey and then arranging a "fake holdup."

Peterson was involved in a graft case several years ago, but the matter was dropped. A saloonkeeper accused him of soliciting a bribe.

The detective sergeant was wounded on two different occasions in pistol battles with criminals and another time won a citation for diving off a bridge to save a child.

INVESTIGATE STRIKE OF CHICAGO YARDMEN

Chicago, July 28.—Investigation of the recent strike of the Chicago Yardmen's Association was begun today before a federal grand jury. About 60 witnesses subpoenaed by the government reported.

The investigation will be conducted by E. L. Humes, special assistant attorney general from Washington and District Attorney Charles F. Clynne.

John Grunau, president of the Yardmen's Association appeared with books and other records of the association. Because he was arrested with 27 others of the association, he will not testify before the grand jury.

GREEN APPLES PROVE FATAL

Elgin, Ill., July 28.—Eating green apples proved fatal to a inmate of the Elgin state hospital today. It was the verdict of a coroner's jury that Kate Kahn died of acute gastritis following the eating of unripe apples from the asylum orchard.

LOWDEN DISMISSES MEMBERS OF WEST SIDE PARK BOARD

Says They Have Been Playing Pernicious Politics

MEMBERS OF BOARD DENY ACCUSATION

CHICAGO, July 28.—Governor Frank O. Lowden today dismissed the seven members of the West Side Park board for playing "pernicious politics," in the interest of what he termed the "Thompson-Tammany" organization, which the governor said, does not represent "my idea of good government."

The governor issued the following statement in explanation of his action: "In asking for the resignations of the West Side Chicago Park commission I am simply following the policy I announced at the time of the appointment of the park commissions. I said then to those boards that I desired the parks to be kept out of politics. Information has come to me that these instructions have not been followed by the West Chicago commission, that certain members are now using the parks to strengthen the Thompson machine."

"The Thompson-Tammany organization does not represent my idea of government and I do not intend to permit divisions of the state government over which I have control to be used by them to exploit their peculiar notions of government."

All the West Side parks and parkways are under control of the commission which employs a large number of workmen.

Members of the board denied tonight that they had been active politically as officials.

William F. Grower, one of the members of the West Side Park Board, said tonight:

"It is a big joke to me as I am the only Democrat on the board. When Governor Lowden was elected I promptly sent in my resignation as I was a Democrat. Later without solicitation on my part or that of my friends, I was reappointed by the governor."

"While I have been on the board the past seven years or more there have been no politics played and this rule has been observed by the board just ousted."

ST. LOUIS PLANS TO DISTRIBUTE COAL

Mayor Kiel Appoints Committee for Purpose—Manufacturers Have Only Limited Supplies.

St. Louis, July 28.—In an effort to cope with the coal shortage occasioned by the strike of the Illinois miners Mayor Kiel tonight appointed a committee with full power to regulate distribution of coal here and designate establishments which will receive priority in deliveries.

The railroads, city and coal dealers are represented in the committee which will start functioning immediately. Many plants here have only limited supplies but it is said the essential needs of the city can be taken care of for two weeks by regulating distribution of coal on hand. To do this, it was said it will be necessary to cut the normal daily consumption of 300 cars to about 30 cars.

SOUTHERN WOMEN WANT HEARING

NASHVILLE, Tenn., July 28.—Governor Cox was requested to grant a hearing to the women of the south on questions of "state rights and party honor" in a telegram sent by the southern women's league for rejection of the Susan B. Anthony amendment.

The message declared that "home loving women of the south, who do not picket, card-index or blackmail candidates appeal to you to grant us a hearing."

Suffragists were boasting the appeal said, that Governor Cox had sent secret agents into Tennessee not only to destroy state rights but to urge legislatures to dishonor their oaths of office.

CHICAGO MILK PRICES TO BE INCREASED

Chicago, July 28.—The price of milk and cream in Chicago and the surrounding territory supplied by the Milk Producers' Co-operative Marketing association probably will be increased before the end of the week, it was announced today. There will be a meeting of the price committee Friday to decide on the increase.

The territory supplied by the association includes the Chicago district, northern Illinois, southern Wisconsin and northern Indiana.

ARMED WITH RIFLE; HOLDS OFF OFFICERS

Omaha, Neb., July 28.—Fred Sillick, fisherman, who last night wounded W. H. Vincent, another fisherman, with a knife in a quarrel over religion on an island in the Missouri river, north of Omaha, today was maintaining his position armed with a rifle. Vincent escaped by swimming to the Nebraska shore.

IRISH POLITICAL CIRCLES IN FAVOR OF DOMINION HOME RULE

Nationalists are Now Said to be in Favor of This Course

SINN FEIN LEADERS SAID TO OPPOSE IT

DUBLIN, July 28.—Renewed activity is apparent in Irish political circles favoring home rule as a satisfactory settlement.

Nationalists hitherto violently opposed to this course, as being a partition of Ireland, have come round to favor it and have the support of the Freeman's Journal.

In agreeing to accept county option for Ulster, important groups have been meeting both of the premiers indispensable conditions.

The crux of the whole situation is the attitude of the Sinn Fein leaders will continue to repudiate all compromises.

But the story that Eamon De Valera has sent word a dominion settlement should be accepted and that several leading Sinn Feiners at home believe this to be the best policy, though not generally credited, has attracted many minds and is responsible to some extent for the more sanguine outlook.

In circles in touch with official opinion it is believed the government will insist on passing the present home rule bill at the autumn session the indicating willingness to improve its financial terms and extend the powers conferred under it.

To all these activities the Sinn Fein leaders present a front of indifference and disdain. The only terms on which they are willing to meet the premier it is declared, embrace recognition as an independent nation.

WILL ENACT SOLDIER RELIEF LEGISLATION

Congressman Tells Legion Members at Aurora That This Will Happen No Matter Which Party Wins.

Aurora, Ill., July 28.—Congressman I. C. Copeley in an address to the American Legion here said that soldier relief legislation will be enacted by the next congress regardless of which party wins in the fall elections.

Mr. Copeley is a Republican member of the ways and means committee which reported out a soldier bill at the last congressional session, which was passed by the house.

"The grant is not regarded as a bonus," Mr. Copeley said. "It is regarded as an adjustment of compensation. Many men who were at home during the war had an opportunity to lay the foundation of a fortune. This opportunity was denied you and your government intends that all should have equal opportunity."

Mr. Copeley said that all labor, wealth and men should be drafted in a time of war as "war is no more than a marshalling of all resources to win a conflict with exactly the same return for all."

RADICALS' ATTORNEY WAVES RED FLAG

Compares Communists with Pontius Pilate's Trial of Christ—Talks All Day and Not Yet Thru.

Chicago, July 28.—Pontius Pilate's trial of Christ and the mob's demand for the Nazarene's life were retold and the red flag of Bolshevism waved before the jury today as William S. Forest, attorney for William S. Forest, charged with conspiracy to overthrow the government by force, continued his argument. Forest began his speech yesterday, spoke all day and is expected to take most of tomorrow.

His associate, Clarence Darrow, and two assistant state attorneys remain to be heard.

WILL REPORT ON COAL SITUATION

WASHINGTON, July 28.—Secretary of Labor, returning today, began preparation of a report on the general coal situation for President Wilson.

White House officials declined to say whether he returned with the direct request of the president. The report is expected to deal specifically with the situation in Illinois and other states of the central competitive field where strikes of mine laborers have closed down many mines.

GYMNASTIC TEAM FOR OLYMPIC GAMES SELECTED

New York, July 28.—The gymnastic team of four members which will represent the United States in the Olympic games at Antwerp, was selected tonight. Trials were held in five events, for with five contestants for places.

The team will leave for Antwerp on the government Transport Pocahontas August 5.

WILL HOLD SPECIAL ELECTION IN MEXICO

Washington, July 28.—Telegraphic orders for the holding of special elections in states of Mexico where such voting privileges have been denied the public have been issued by the department of the interior at Mexico City, the Mexican embassy was advised today.

UNCLE SAM KEEPS EYE ON JAPANESE ACTIVITY IN EAST

Occupation of Sazhali Island Causes Concern

INVOLVE BRITISH AND AMERICAN INTERESTS

TOKIO, July 17.—Four thousand Japanese troops have been ordered to complete the occupation of the northern part of Saghalien Island, Major General Tanaka, minister of war, today informed the diet.

Washington, July 28.—By The Associated Press.—The American government is understood to be giving close attention to Japan's relations and Japan's general policy in the far east because of the effect on the question involved of the recent withdrawal of American troops from Siberia the signing of the consortium relative to Chinese financial aid, the assumption of control of the Chinese eastern railway by the Japanese and the Japanese occupation of northern Saghalien and the greater portion of the maritime province of Siberia.

Watch Railway Changes. British interests in China and Japan are regarded here as paralleling to some extent those of America. The solution of the problem by the British government in the opinion here is made more complex by reason of the existence of the Anglo-Japanese treaty which recently was renewed for one year. Changes in the status of the Chinese eastern railway have been closely watched.

Both the United States and Great Britain are understood to desire that its international character be preserved to assure the maintenance of the open door. As to the Japanese occupation of Saghalien, the United States is known to be reluctant to concur in this move. A despatch from Tokio today said the Nichi Nichi, a newspaper there, had published a statement that the Japanese government had received an inquiry partaking of the nature of a protest from a certain country in connection with the intention of Japan to occupy this portion of Siberia.

State department officials would neither affirm nor deny that the country referred to was the United States but the general understanding was that it was the United States.

ELIHU ROOT PRESENTS STATUE TO ENGLAND

LONDON, July 28.—Elihu Root, former American secretary of state who recently took part in the work at The Hague, for a permanent international court of justice, today formally presented to the British people the Sain Gaudens statue of Lincoln in Cannon Square, as a gift from America.

Premier Lloyd George abandoned pressing official business to deliver the speech of acceptance. The event was widely heralded in the British press as further cementing Anglo-American friendship.

Mr. Root said that the fundamental ideals of England and America are identical and that despite "casual friction," the two countries would be found on the same side in time of trial.

SPRINGFIELD LABOR LEADER BEGINS SENTENCE

Springfield, Mo., July 28.—J. E. Jennings, local labor leader convicted in April, 1917, of violation of a federal injunction issued in the street car strike began serving a six months' jail sentence. Jennings was found guilty of contempt of court and sentenced by Federal Judge Arba S. Van Valkenburgh. The St. Louis court of appeals recently sustained the lower court.

EARTHQUAKE OPENS TWO OIL WELLS

Los Angeles, Cal., July 28.—Two oil wells were opened on city-owned property by today's earthquake the city engineer reported. One was said to be giving forth considerable quantities of oil and the other was reported making the pavement near it dangerous for traffic. The board of public works announced the wells would be developed for the municipality.

PASSENGER TRAIN HITS AUTOMOBILE; ONE KILLED

Burlington, Wis., July 28.—Miss Irene Gleason 33, prominent Burlington woman was killed instantly and three young women companions were injured when an automobile in which they were touring was struck by a fast passenger train near Ann Arbor, Michigan. The party had been on a ten day automobile trip and was returning home from Detroit.

CAMP ZACHARY TAYLOR WILL CLOSE DOWN

Washington, July 28.—Abandonment of Camp Zachary Taylor, Louisville, Ky., was announced today by the war department with the notice that the first division, now stationed there, is to be transferred to Camp Dix, N. J. The property upon which the camp is located in Louisville, will revert to the private owners.

VILLA WILL BECOME MEX PRIVATE CITIZEN FOLLOWING SURRENDER

Agreement With de la Huerta Government Makes Liberal Provision for Him and His 1800 Followers—News of Retirement Causes General Rejoicing Thruout Mexico

EAGLE PASS, Texas, July 28.—Francisco Villa, bandit idol of the Mexican peon and for years a menace to governments of his country thruout northern Mexico, is entrained tonight with his men for Torreon, there to take the first actual steps looking to his entrance once more to private Mexican citizenship, a consequence of his negotiations with the de la Huerta government concluded at Salinas early this morning.

COX WILL REPLY TO CHRISTENSEN ON DEBS' RELEASE

Will Finish Drafting Address Before He Makes Response.

PART OF ADDRESS TO BE SENT BY WIRE

DAYTON, Ohio, July 28.—Response soon will be made by Governor Cox to the request of P. P. Christensen of Salt Lake City, the Farmer-Labor candidate to join in an effort to secure release from prison of Eugene V. Debs, socialist nominee, Governor Cox today received Mr. Christensen's second telegram and said he would reply but not until after he finishes drafting his address, probably late this week. It is expected generally here that he will decline to act in Mr. Debs' behalf.

The governor put in a full day on his address and planned to work until midnight as he did yesterday. One of the most important parts of his address, the governor said, will be held up for telegraphic transmission on August 7, notification day, instead of being contained in the remainder of the address mailed to newspapers. The governor said the insert would be brief but prominent. He gave no inkling of its subject.

Governor Cox had a conference on educational affairs with Mrs. Cora Wilson Stewart of Kentucky, prominent for work done in the Kentucky mountains to stamp out illiteracy.

Officers Looking for Eugene Leroy. Waiting to Hear From Men Taken Into Custody in Various Parts of City—Saltillo Authorities Asked for Information.

Detroit, Mich., July 28.—With the body found in a trunk in New York last Friday positively identified as that of Mrs. Eugene Leroy, police here were tonight awaiting further reports from various cities where men believed to be the husband of the slain woman have been taken into custody.

Authorities at Saltillo, Mexico, had been asked to confirm reports that a man known as Oscar J. Fernandez had been located there. Previous investigations had shown that "Eugene Leroy," O. J. Wood and "O. J. Fernandez," were names used by the husband of the dead woman in Detroit, Saginaw and New York.

Officers now in New York have been instructed to stop at Allentown, Pa., to examine a man giving the name of Leroy held there. Others it was said may be sent to Lawrence in an effort to identify a man said to answer Leroy's description. Officers said the refusal of Allan A. Tatum to acknowledge local officers here from Birmingham would in no way hamper their investigation.

SEARCH BEING MADE FOR MATTESON, ILL. BANKER. Battle Creek, Mich., July 28.—George Fortmiller, merchant and banker of Matteson, Ill., is missing and his relatives arrived here today in search of him. Fortmiller came to a sanitarium here following a nervous breakdown and was called back to Matteson on business. Relatives have been unable, they say, to find a trace of him beyond Kalamazoo on the return trip.

SAYS GERMANY SHOULD BE REPRESENTED. Berlin, July 27.—That Germany should be represented in the proposed conference between allied and soviet representatives at London was the opinion expressed to the reichstag today by Dr. Walter Simons, German foreign secretary. If Germany is left out "eastern peace" will become a house of cards," he said.

RELEASED ON CHARGE OF ROBBERY HIS WIFE

New Orleans, July 28.—On the technical point that a man cannot be held in custody for a crime committed by his wife, John Pedro Sanchez, self-styled bull ring hero here, was formally released here today from custody. He had been held on complaint from Chicago that he robbed his wife of \$1,200.

William Wrigley and the president of the Lord & Thomas advertising agency are cooperating in a publicity campaign for the Republican party. Both men know what publicity means and what it is worth and they can be depended on to give the Democrats something to think about.

It would certainly be a sad commentary on the administration of justice were Jack Johnson permitted to give bail again and so escape his jail sentence. Johnson forfeited his bond before in order to avoid imprisonment and would certainly laugh in his sleeve if again permitted to thus secure his liberty.

Governor Lowden's summary dismissal of all members of the West Side park board in Chicago because of "pernicious politics" gives an indication of the sharp-

ness of the political contest that is being waged in Chicago. It is "a tooth and a toenail" contest between the Lowden and Thompson forces and so it will be until the September primary. Let us hope that the fight will end there.

The Inter-Church report made on the strike at the plant of the United States Steel Corporation last year is a severe indictment of the methods followed by the company in handling its employees. No one can doubt the sincerity of the investigating committee and it is unfortunate that because of the partial collapse of the Inter-Church Movement that the report will not be given as much attention as would have otherwise been true.

The public should give careful consideration to the details of the report and will be interested in knowing general facts about the individual members of the committee.

PRODUCTION.

Production is the call of the world today. It is the one and only agency of world restoration. Out of production in the fields and farms, out of manufacture in the workshop, out of wealth in the mines must come the correction of empty purses and depleted treasuries of European peoples. It will be the supreme conflict of peace for the needed recovery. Self-preservation will impel. I think this solvent people should help.

We yearn for a high place in human fellowships and international fraternity. There is no need to restrict or destroy at home. We shall play the big American part by adding to our

power and widening our influence and continuing our development, under the securities of representative popular government, and prove to the world that liberty lies in the supremacy of law, and orderly government is humanity's best inheritance. — Warren G. Harding.

Governor Coolidge enters his protest against that spirit, now too often shown in this country, whereby people gauge their observance of a law by their opinion of it. That will not do, the vice presidential candidate says, for there must be respect for law regardless of individual opinion of that law.

Only with such respect in the ascendancy will there be proper law observance and the right spirit of Americanism. It is a statement quite in accord with other utterances of Gov. Coolidge whose words and action as the chief executive of Massachusetts have strengthened law and order in that state.

The federal government's declaration that nothing can be done in considering miners' claims until they return to work is consistent. Any other course would give the miners government money to give the wage board fixed a just scale and then permitted men who entered into contract under that scale to abrogate those contracts with government approval.

A labor union member who strikes in violation of a contract provision properly has no standing when it comes to asking for government interference in his behalf. The action demanding that the cause for work while their claims are being considered should have the effect of quickly bringing about normal coal production and relief from the present crisis. The government answer is rebuke to Farrington, president of the Illinois miners' organization who has aided and abetted the striking miners.

THE REAL ISSUE.

(Philadelphia Public Ledger.)
The overwhelming desire of the American people today is to get a government as different from that of Doctor Wilson as they make them. We want a business administration which not only will conduct the nation's business on business principles but which will take a sympathetic and intelligent attitude toward private business. The war is won and this is the era of reconstruction. We want to make things in plenty and fill as soon as possible the gaping maw of a starved and stripped world's demand. In that way alone can we permanently bring down prices and return buying and selling to normal.

Profiteering is, always was and will remain crime. So far as law can stop it and punish the criminals who profit by it, the law and its iron machinery should most resolutely do so. But it is time that these business people get back into their minds the fact that most business is entirely legitimate and wholly desirable and supremely in the public interest. Nor is this changed if it is successful. The idea that the only good business is a business head for bankruptcy is exclusively Bryanistic—or Bolshevistic. The community is hurt by a bankrupt, but is helped by a money-making success. For both bankruptcy and business success are highly contagious. The bankrupt fills the country with "bad debts," while the successful business man buys goods from everybody and pays for them.

We want an administration which will not send out paid agents with the single instruction: "Find out who are making money and make them stop it."

OGLESBY OPENS HIS
DOWNSTATE CAMPAIGN

Makes Thompsonism the Issue
and Declares Chicago Methods
Should Not be Applied to Rest
of State.

Cairo, July 28.—Lieutenant Governor John G. Oglesby of Elkhart, anti-Thompson candidate for the Republican nomination for governor, opened his campaign today. His first point of campaign was Anna and he came by automobile to Cairo, addressing a meeting in the court house here tonight.

The principal part of the candidate's speech was an attack on Thompsonism. In part he said: "While there are many problems or issues which, under ordinary circumstances, would engage the attention of the voters of this state, I feel, and I believe that you feel, the most conspicuous and important issue confronting the people of Illinois, and especially the Republican party of Illinois is, 'Shall the people of Illinois continue in control of their government or shall we become subservient to the Thompson-Tammany machine of Chicago?'"

"Upon these issues I have every reason to believe that the Republican party at the primary in September will, in a most emphatic way, let it be understood once and for all that the Republican party of Illinois will not have fastened upon it thruout the state a Tammany system of government."

"The issue is plain. I have no words against any candidate for any office but I stand with the people of the state who oppose the principles adopted by William Hale Thompson. I am unalterably opposed to the Thompson declaration of principles to which his state candidates have subscribed."

"This is the same Thompsonism which Theodore Roosevelt denounced in 1915, which was repudiated by loyal people of the state at the 1918 primaries; which was rejected by the Republican state convention last May, and which was ignored by the Republican national convention in June."

My candidacy has been brot about, not so much through personal desire, as the result of this crisis in the party, and a self-sacrificing elimination of many leading Republicans in the state who recognized that if the Thompson plan was to be met and defeated it would necessarily be based upon a single candidacy rather than man. For the act of confidence reposed in me I am exceedingly grateful and yet not unmindful of the great responsibility that attaches to this campaign.

"Here and now, and in every county in the state, and to as many Republican voters as I can reach between this and primary day, I shall take the unqualified position of a Republican against Tammany rule in Illinois. I take this position without any reference to the personality of any other candidate. But we are compelled to admit facts, and the facts are, there is a situation emanating from the Thompson machine of Chicago which with unbounded ambition is insidiously trying to force its blighting hand upon the state government of Illinois. I ask you, my Republican friends and citizens of this state, to investigate the baneful influence of this system already fastened upon the city of Chicago. After such investigation I am willing to rest my case that the Republicans of this state will not extend that avaricious power."

HEED JAPAN'S CRISIS

(From the Illinois Bankers Association)
"The violent slump in prices and business depression now prevailing in Japan should be regarded as an object lesson to business men in the United States," Arthur Reynolds, vice president of the Continental and Commercial National Bank, said in an address which he made at the luncheon of the Association of Commerce at the Hotel LaSalle Chicago, on July 14th.

"Japan in the last few years, like the United States, had extended its credits, expanded its currency and developed its trade and industry rapidly," said the banker. "The business went on expanding after the war, disregarding conditions in other countries. Japanese bankers became worried and urged a slowing down of the pace. Credit was insufficient, they warned, to maintain it. These warnings were disregarded. A point for us to remember is that Japan, like us, was able to sell all she produced, yet that did not prevent a violent crash in business."

The question for us is, are we going to heed this warning from Japan, and work steadily for an orderly readjustment to normal conditions, or are we going headlong to a crash? I don't think that we shall fail to heed this object lesson. Business men already are asking less profits, and that is well. Prices generally appear to have passed the peak and are now on the way down. We know what has happened in silks, shoes, leather, and the same thing is coming in all lines. What we must all co-operate to insure is that the readjustment shall be gradual and orderly. To do this we must have the co-operation of all horse-sense business people. We must work harder, consume less and produce more.

"As business men we should be willing to make sacrifices, if necessary, in order that readjustment shall be accomplished without serious disturbance. Sacrifice of profits in some instances will be unavoidable."

"The railroad congestion is trying, and there is question whether the accumulation of freight can be moved and the credit thus tied up be released before the credit demands of the crop-moving season are felt. Probably we shall see money closer this autumn than it has been at any other time this year."

"One of the great measures of relief is to lighten the burden on the federal reserve banks," Mr. Reynolds continued.

"The best way to accomplish this object is to make it unnecessary for the federal banking system to carry so large an amount of government bonds. Refinancing by the government is the only way to do that. Whichever party is successful at the polls next November, one of the most important problems will be to make it possible for the banks of the country to sell their government bonds to investors, and thus release a vast quantity of banking credit for the use of industry and agriculture. This can be done by exchanging the bonds for a new issue bearing a rate which will attract investors."

"We cannot go on expanding export business on credit without more definite assurance that we are going to collect our bills. Conditions in Europe are deplorable. Outside of England and Belgium it is doubtful if much real headway is being made. We must be able to collect as well as sell, especially when our uncollected trade balance last year ran about \$2,000,000,000. In order to collect, we must have the co-operation of the national government, just as English exporters have the aid of their government."

Mr. Reynolds, discussing the gold problem, said the decreased output of the precious metal would eventually force a decline in commodity prices and that that would enable gold mines again to be operated at a profit. "Either that result must come," he said, "or the alternative will be to reduce the gold content of the dollar, a policy which, if adopted, would lead on to continued depreciation of our currency, putting us eventually in a condition like Russia." The demands of the jewelry industry he added, took some \$80,000,000 of gold reserves away from the banks last year.

SCOTT COUNTY
RESIDENT BURIED

Funeral of Mrs. Suta Held Wednesday Morning—County Court in Session—News Notes.

Winchester, Ill., July 28.—Will Scott and wife of Mattoon are visiting relatives here.

Court opened here Wednesday morning with Judge J. A. McKean presiding. The first case on trial is that of the People vs. Horace Arnold, charge of wife abandonment. The case is still under way but probably will be finished Thursday.

Funeral of Mrs. Suta
Mrs. Jane Suta passed away Monday night at the home of her daughter, Mrs. Oscar Hoots, in the Big Sandy neighborhood, following an illness extending over a period of six years. The funeral was held at the Big Sandy Creek church Wednesday morning in charge of the Rev. Homer Evans.

News Notes
Wesley Taylor and wife of Virden were visitors here Wednesday. Guy Paul and Jess Overton were visitors in Pittsfield Tuesday.

The members of the Baptist church and Sunday school expect to enjoy an all day picnic at Nichols park Thursday.

Mrs. Nathan Wallace and daughter accompanied Mrs. Earl Rogers and Miss Ethel McClure to Jacksonville.

Mrs. Rogers is concluding a week's visit at the home of her parents.

AN INTERESTING POSTER

At the public library there has been received a large card in the shape of a poster containing brief accounts of the various races that have been had with English craft. It cannot fail to be of much interest in the subject. There is also a beautifully illustrated volume on the same subject which is well worth examining. There are pictures of the various craft and also of the cup.

Scott's Theatre WEDNESDAY and THURSDAY BILLIE BURKE "In Pursuit of Polly" A Paramount Picture Did you ever watch a fellow nearly break his neck and fairly burst his heart trying to catch a girl, only to lose her? If you have you'll sympathize with the poor cuss who does it in "In Pursuit of Polly." Some darn fool said, "There's no more use chasing a woman than there is chasing a trolley car; there's always another one coming in a minute." But that man never saw Polly or he wouldn't have said it. There's a merry chase for her in "In Pursuit of Polly," and an underdog wins.

A NEW WAY TO SHAVE
Usual Irritations Eliminated.
Barbasol Softens the Beard and Heals As It Shaves.
Chemistry has another feather in its cap. Now it makes possible the "smartless" shave. The old scraping and pulling method of our grandfathers is replaced by an easy, pleasant method that even does away with the unsanitary shaving brush and the mussy mug. Men who have tried this modern, shaving preparation proclaim it the greatest discovery since shaving was invented. A remarkable ointment that heals the face and keeps it in the best condition at all times. It easily softens the toughest beard, yet will not harm the most delicate skin. All druggists recommend Barbasol and most of them sell it.

GOMPERS PROTESTS REDUCTION OF WORKERS

WASHINGTON, July 28.—The federation of labor, Mr. Gompers further asserted at a news conference that the reduction of production is secured—Employers Must Be Fair and Honest.

WASHINGTON, July 28.—Mentioning the suspension of operations by the American Woolen Company and the announced intention of the Pennsylvania Railroad to reduce its working force, Samuel Gompers, president of the American Federation of Labor today declared that "action of corporations which today lay off thousands of men is nothing less than a tremendous indictment of the management and a heinous offense against a people in need of every possible ounce of production."

CONFERENCE RESULT DEPENDS ON ARMISTICE

Terms Humiliating Conference Will Be Useless—Several Countries Invited to Participate.

London, July 28.—The success or failure of the proposal to hold a conference in London between entente representatives and those of soviet Russia and the Russian border states depends almost wholly on Russian armistice terms to the Poles in the opinion of officials here.

Intimations in London are that the Russians themselves are not finding it easy to decide on terms. One faction, led by Lenin is said to favor terms that the Poles would probably accept while the Trotsky faction is said to favor terms so humiliating that the Poles would be forced to continue fighting, or overthrow their government if accepted. Should the latter contingency arise it would be useless to attempt a conference.

The British government has invited Latvia, Lithuania, Finland and Estonia to participate. The first three accepted wholeheartedly. Estonia sent word it was willing to participate but did not express warm approval.

BRITAIN AND FRANCE IN OIL AGREEMENT

Plan to Develop Oil Wells in Roumania and Elsewhere—Text to Be Made Known Soon.

WASHINGTON, July 28.—(By The Associated Press.)—France and Great Britain, according to information reaching Washington tonight from an authoritative source have concluded an agreement in connection with oil supplies designed to secure international cooperation and to eliminate competition which might give rise to friction between them. The provisions of the agreement it is understood extend to all countries where the oil interests of the two nations can be usefully united or might be in conflict. The agreement deals specifically with the French and British crown colonies and provides for cooperation in connection with commercial concessions to develop oil wells in Roumania, Asia Minor, Galicia and the territories of the old Russian empire.

There also is a proviso permitting extension to other countries by mutual consent.

According to the information here the agreement does not affect the interests of other government or of their nationals and it reserves no exclusive rights to France or to Great Britain not even in Mesopotamia.

Its effect it is said, is merely to guarantee to France a share in the output of Mesopotamian oils of ordinary commercial grades and to permit France and Great Britain to share on fair terms oil at the disposal of either.

The agreement extends on similar lines to the French colonies and the British colonies.

The text of the agreement is expected to be published in France and Great Britain at an early date.

DEER SHOOTING CONTESTS GO TO NORWAY

Antwerp, July 28.—(By The Associated Press.)—Notwithstanding the American Troopshooters made a clean sweep in the clay target events, Norway is the winner on points of the Olympic hunting arms competition as a result of her victories in the running deer shooting. The following results were obtained:

Norway, first in four of the deer shooting contests; tied for second place in one individual event and placed third in another—14 1/2 points.

United States, first, second and third places in the individual clay target contest; first in the clay target teams, and third in the team single shots at the running deer—Total 10 points.

The American trapshooting team will make a tour of the battle fields before sailing homeward about August 4.

ON TRIAL FOR MURDER

Manchester, Va., July 28.—Final arguments were made today in the trial of Byron H. Pettibone for the murder of his wife, at Herndon, on April 6th. It was expected that the case would go to the jury before night.

The prosecution has attempted to prove that Pettibone, an undertaker's assistant, poisoned his wife because of his alleged affection for Miss Helen Galloway, a nurse.

ROUGH WEATHER CURTAILS TRAINING

ON BOARD U. S. S. PRINCESS MATOIKA, July 28.—(By Wireless To The Associated Press.)—Rain squalls, a head wind and a choppy sea curtailed the training of the American Olympic team on board the Princess Matoika today, the third day of the voyage to Antwerp.

Work in the swimming tank occupied the better part of the day. The low hurdles were placed on the Cork sprint straight away. A hole was bored in the edge of the discus and a light cord attached so it might be thrown overboard and then drawn back. The weight men tossed the shot and threw the medicine ball while the pole vaults climbed a thirty foot rope.

FIVE HOLDUP MEN CAPTURED

Henderson, Ky., July 28.—Two of five men captured last night by police after holding up a gambling house resulting in the death of a gambler and wounding one alleged bandit, are suspected by police here to be members of the gang which figured in the recent Chicago payroll holdup. A description of the two men captured and the Illinois license number of their automobile have been telegraphed to Chicago authorities. One of the alleged bandits captured gave the name of J. L. Luther, Eldorado, Ill.

MANY A PRETTY FACE SPOILED BY PIMPLES

Unightly Disfigurations Tell of Impure Blood

Don't close your eyes to the warning which nature gives when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a blood cleanser is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they cannot possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Medical Director, 608 Swift Laboratory, Atlanta, Ga.

QUOTATIONS SHOW MANY GRADES BUTTER

Nine Varieties All Made from Cream—Price Range from 45 to 55 Cents Per Pound.

"Nine varieties of butter all made from cream." That seems strange, yet the U. S. department of agriculture, bureau of markets, Chicago office, under date of June 8th, reports quotations on that many different grades of butter, ranging in price from 45 cents to 55 1-2 cents," said Mr. John Meany, local manager for Swift & Company.

This variation in price is due to the different qualities of butter being marketed. In the beginning, the milk was all generally of the same quality, but some-

where along the line there was a failure to take care of cream properly and this resulted in the many varieties of butter.

"The trouble is," Mr. Meany continued, "that our producers here don't take care of the cream as they should. This is due to the fact that they do not generally understand just how cream should be handled in order to deliver the very highest quality.

"One of the most important things is clean utensils, clean separators, washed after each separation. Another important feature is promptly cooling the cream. It is also important that cream from each milking be kept separate until it is thoroughly cooled. Do not mix warm and cold cream.

"It is a short-sighted policy for producers to deliver poor cream, as butter made from such product brings a lower price on the market. The price creamerymen pay for cream is largely governed by the selling price of the butter made.

"In some districts, cream is bought on a graded basis, a higher price being paid for the better grades of butterfat. This plan of purchasing is doubtless growing in favor, as through this method the producer is stimulated to produce and market a better quality of cream."

RAWLINGS FAMILY HELD REUNION

Enjoyable Event Wednesday Night at South Jacksonville Home—Non-Resident Members of Family Here.

A delightful family gathering was held Wednesday evening at the home of Mr. and Mrs. J. H. Rawlings in South Jacksonville.

Mr. and Mrs. Rawlings and their Wayne are planning to move to Boulder, Colo. in a short time and desired to have the family all together once more before their departure. For the consummation of this wish, Roy W. Rawlings came from his home in Rhode Island and Mrs. Daisy Stimpson came from Wichita, Kans. The other children, Bert Rawlings of Durbin neighborhood, Mrs. Leona Schofield of Lynnville and Wayne at home, together with their families, completed the circle.

A bounteous supper was spread on the lawn and so abundant was the supply of good things that the table seemed still full after all had eaten.

Among the guests present were Roy Rawlings and C. P. Cottrell of Hope Valley, R. I.; Mrs. Daisy Stimpson, Wichita, Kans.; Mr. and Mrs. B. F. Rawlings and two sons, Mr. and Mrs. Fred Schofield and children, Mr. and Mrs. J. H. Rawlings and children, Mr. and Mrs. Robert Rawlings, Mr. and Mrs. William Mortimer, Mr. Mortimer and Miss Eva Mortimer, Mrs. E. E. Rogers, Mr. and Mrs. Harry Strang and children, Mr. and Mrs. Justus Wright and children, Mr. and Mrs. Harry Gilmore and children, Mr. and Mrs. Ralph Rawlings, Mr. and Mrs. Howard Darley, Mr. and Mrs. Joseph Breckon, Mr. and Mrs. S. O. Shuff, Mrs. James Mahon.

PALMER'S FIRST ASSISTANT RESIGNS

Washington, July 28.—Judge C. E. Ames will retire August 31 as first assistant to the attorney general. It became known today that he had submitted his resignation to President Wilson and would resume his law practice in Oklahoma City.

IOWA DEMOCRATS TO HOLD LOVE FEAST

CEDAR RAPIDS, Ia., July 28.—Democratic leaders tonight were making every possible effort to smooth over all differences between various factions in the party in the hope of making tomorrow's state convention purely and simply a love feast and general jubilee meeting at which the chief business would be making plans whereby Democrats could be returned to power in the state. Several sparks were smoldering among the delegates however, and there was at least a possibility that one or more of them might break into a flame and result in an upset of the harmony plan by the time the convention opens. Tonight there were numerous conferences between leaders with the view of getting rid of all dissension.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passages and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. "Seven a day for seven days—Wonderful results."

BRIEFS

LONDON, July 28.—Prince Antonio Bybesco has been appointed Roumanian minister to the United States says the London Times.

RIFLE GRENADE SETS
NEW WORLD'S RECORD

COLUMBUS, O., July 28.—One world's record was reduced here this afternoon when Rifle Grenade, the champion three year old pacing gelding while winning the American Association Trotting Horse Breeders' purse of \$2,500 for three year olds paced the second heat in 2:04 3-4 lowering his own world's record a second and a half. He was a prohibitive favorite and barred in the betting.

The program was made up entirely of pacing events, the biggest feature being the C. T. Dunlop 2:08 pace, purse \$3,000. There were but four starters and Symbol S. Forest won after dropping the middle heat to Edna Early. The 2:07 pace was won by Ethel Chimes after she had dropped the first heat to Drift Patch.

The final race, the 2:12 pace had Prosser as the auction favorite. Senator Wilkes won after losing the first heat to Baron Russel.

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

CAR WENT THRU FENCE INTO CORN FIELD

When H. H. Massey went to his mail box Wednesday morning he discovered that some time during the previous night an automobile had been driven thru the wire fence and into his corn field for a distance of fifty feet. Evidently the driver of the car had been going at high speed, did not notice the turn in the road and so went on thru the fence and into the field. Two posts were broken off and of course the heavy car did a considerable amount of damage to the corn. However, the driver showed some good judgment as he backed the car out almost in the same tracks that were made on the way into the field.

TWO MEN ARE INJURED IN AUTO ACCIDENT

Frank Carson and Fred Leach in Local Hospitals as the Result of Auto Accident — Carson the More Seriously Injured.

Frank Carson, 330 Lorton street, and Fred Leach, 121 Prospect street, suffered severe and painful injuries Wednesday afternoon when an automobile in which they were riding turned turtle east of Orleans.

Carson's lower jaw was fractured in two places, the left shoulder fractured and he was otherwise cut and badly bruised. He is at Our Savior's hospital.

Leach who was driving the car has bruises but no broken bones. He also has a cut at the base of the skull at the back, but his injuries are not of a serious character.

Leach and Carson had been to New Berlin and were returning home. They were racing with Elmer Myers who was driving a Cole 8. The cars were making a great deal of dust and just east of Orleans they met Mrs. Ned Greenleaf who was driving east.

In order to be certain of avoiding a collision with Mrs. Greenleaf who had a number of children in her car, Leach turned suddenly to the north side of the road. His car evidently struck a rut and skidded and struck a telephone pole.

The impact of the car was so great that the pole which was about twelve inches in diameter was broken square off. The car turned over several times and finally stopped fully forty feet from where it started to skid. When the car was examined after the accident the emergency brake was set which showed that Mr. Leach had endeavored to stop the car before it struck the telephone pole.

Carson was thrown free from the car on one side of the road and Leach was thrown on the opposite side.

Almost immediately after the accident a tourist from Missouri passed the scene. He put Carson in his car and brought him to Our Savior's hospital. Here he was attended by Dr. F. A. Norris.

William Greenport of the Orleans neighborhood was coming to the city and was near the spot where the accident occurred. He knew Leach and brought him to the city and took him to the home of his parents, Mr. and Mrs. G. A. Leach, 121 Prospect street.

Dr. A. M. King was summoned and after a brief examination had the injured man removed to Passavant hospital. Here a thorough examination was made. It was found that he had sustained no broken bones but his body was a mass of bruises. There also was a slight cut on the back of the head at the base of the skull and Leach was suffering from concussion.

The automobile Leach was driving was an Anderson and it was badly damaged. It was fortunate indeed that neither of the young men met permanent injury.

LIGHT COMPANY COAL PILE IS VERY LOW

Shortage of coal is causing a great deal of worry just now for Supt. Gray of the Jacksonville Railway & Light Company. Mr. Gray has several lines in his effort to secure coal but if he is not successful today a curtailment of service must be given in order to save fuel. A reduction in the hours of street car service will be the first economy action.

George Naulty, of Sinclair, was in the city on business yesterday.

PARIS FASHIONS IN FALSE TEETH

Paris, Apr. 2.—We may safely predict for the coming season that styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Corega, procurable at drug stores and dental dealers.

This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums.—(Adv.)

GENUINE TASTELESS CASTOR OIL ALWAYS LABELLED KELLOGG'S

Every bottle of Kellogg's Tasteless Castor Oil is Laboratory Bottled and Labelled Kellogg's.

When you ask for Kellogg's Tasteless Castor Oil, see to it that the bottle is labelled with Kellogg's name. Kellogg's Tasteless Castor Oil is sold only in bottles filled at the laboratories of Spencer Kellogg & Sons Inc. Take no other if you want a 100% pure castor oil with all nauseating taste removed. It is the same good old fashioned castor oil that our doctor prescribes, with the disagreeable taste eliminated. In the opinion of physicians and druggists who are already familiar with Kellogg's Tasteless Castor Oil this valuable new form of the good old family remedy is a boon to children and even to grown ups. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's tasteless Castor Oil. Three sizes, 15c, 35c and 65c.—Adv.

POULTRY RAISING GREAT INDUSTRY

Valuable Booklet by W. A. Lippincott Published by Armour & Co.

Armour & Company recently issued a book under the title "Progressive Poultry Raising" designed to increase public interest in the raising of poultry of desirable types. The book will have special interest here because it is from the pen of William A. Lippincott, professor of poultry husbandry at the Kansas State agricultural college.

Mr. Lippincott is recognized as a national authority on the subject of which he has written. In the introduction to the book H. L. Brown manager of the poultry department of Armour & Company says:

"Poultry has been one of the chief sources of human food the world over, even preceding the days of civilization. In early America nearly every farmer kept a small flock which supplied eggs in season and meat at convenient intervals.

"The rapid industrial expansion in the United States which followed the Civil War brought about the development of large cities and the congestion of our people into restricted areas. A natural demand came from those healthful and appetizing foods which they had always known, including eggs and poultry along with other perishable farm products.

"The story of satisfying this demand is largely the story of artificial refrigeration. The discovery that eggs can be preserved when kept cold, the building of cold storage warehouses to prepare during times of plenty for periods of scarcity, the invention of the refrigerator car, have all played a part in supplying our people with such necessities as eggs and poultry. Armour & Company have played no small part in this service of storing and transporting these foods. Every family now considers eggs a daily necessity, and thanks to modern methods, the supply is daily forthcoming.

"This new era in marketing farm produce has had the direct effect of increasing production. Instead of growing enough poultry to supply the family's needs during the egg laying season, the farmer has found it profitable to enlarge this activity which provides such a sure and steady source of income. The average annual farm income from sales of poultry and eggs for all of the farms in the United States is approximately \$100 while many ordinary farms receive \$500 to \$1,000 from this source. The value of all poultry products produced annually in America is now over one billion dollars. While this branch of the farming industry has grown tremendously, there is still room for development without fear of the supply exceeding the demand."

MANY RECRUITS FROM WHITE HALL

Capt. Charles Muller, of the Springfield recruiting office has secured seven men of the United States army in White hall in the past few days. Sunday he brought four to Jacksonville then took them on into Springfield. The distinguished service cross and also the Croix de Guerre, during the recent war.

Tuesday evening the captain arrived in Jacksonville with John H. Black, Wayne S. Mitchell, and Francis S. Priddy, all of White Hall, and all bound for the 53rd infantry of the Sixth Division, which is located at Camp Grant.

Capt. Muller says that from the time the war was over until recently recruiting has not been the most pleasant job there was and that often times he was hissed on the streets and underwent no end of kidding but that now, even though it is harvest time and there is plenty of employment, recruiting is holding its own.

PACIFIC CAFE PASSES TO NEW OWNERSHIP

Purchased by Messrs. Owen, Stout and Landauer—Purchase Makes Them Owners of Three Establishments.

Announcement was made last night of the purchase of the Pacific Cafe by Ben Owen, Milton Stout and Harry Landauer who will take possession this morning. The new proprietors have had the matter of this purchase up with Edward Brennan of the Pacific for several days but the transaction was not concluded until last night.

Messrs. Owen, Stout and Landauer also own and operate the Peacock Inn on the south side of the square and Ben's Place on South Main street. They have been in partnership only about two months but have conducted their affairs in such a successful way that they feel justified in taking over the third place of business.

Mr. Owen will be in charge at the Pacific, Mr. Stout at the Peacock Inn and Mr. Landauer at Ben's Place and it is the intention to operate the three establishments in a way to merit continued and increased public patronage. It is gratifying to note the success that the firm is making.

I wish to announce that I am not connected with the former firm of Williamson & Cody.

My location is 226 West State St.

While remodeling of my rooms is in progress, this will not interfere with kindly and thoughtful service.

COLLECTING DATA ABOUT RAILROADS

W. D. Kenney representing the Interstate Commerce Commission was a visitor in Jacksonville yesterday. Mr. Kenney is engaged in collecting data relative to the value of property adjacent to the right of way of both the Burlington and Chicago & Alton railroads.

The extensive work of making these valuations for all of the railroads of the country will not be done until 1921. Then the commission will have on file records from which they can secure information relative to the propriety of rates the roads may ask in relation to the actual investments the roads represent.
